**MOTION TO DISMISS FOR FAILURE TO JOIN INTERESTED PARTIES**

Defendants, Oklahoma Tax Commissioner Steve Burrage, Oklahoma Tax Commissioner Dawn Cash, and Oklahoma Tax Commissioner Thomas E. Kemp, Jr. (collectively "OTC"), move the Court to dismiss the instant case for the reason that all persons who will be affected by a declaration in this case have not been made parties as required by Okla. Stat. §12-1653(A) which states:

When a declaratory relief is sought, all persons shall be made parties who have or claim any interest which would be affected by the declaration, and no declaration shall prejudice the rights of persons not parties to the proceeding.

The Oklahoma Tax Commission is the state agency charged with the apportionment of all monies collected by the Oklahoma Tax Commission, including taxes and fees collected or received pursuant to the Oklahoma Vehicle License and Registration Act (“Motor Vehicle collections”), 47 O.S. §§ 1-101 *et seq.* Motor Vehicle collections are apportioned each month to over 400 Oklahoma school districts. See list of schools districts receiving monthly Motor Vehicle collections apportionment attached as Exhibit “A” hereto and made a part hereof.

Plaintiffs represent only eight of the Oklahoma school districts which receive monthly apportionment of Motor Vehicle collections. Motor Vehicle collections are a finite amount. Any declaration made in this case which increases the amount of money apportioned to Plaintiffs would necessarily result in a decrease in the amount of money apportioned to non-Plaintiff school districts thereby prejudicing the rights of school districts who are not parties to this action. See Affidavit of Jennelle Enevoldsen attached as Exhibit “B” hereto and made a part hereof.

Pursuant to Okla. Stat. §12-1653(A), no declaratory relief should be given until all non-Plaintiff school districts, whose rights would be directly affected by the declaration, are made parties to this proceeding.

WHEREFORE, Defendants, Oklahoma Tax Commissioner Steve Burrage, Oklahoma Tax Commissioner Dawn Cash, and Oklahoma Tax Commissioner Thomas E. Kemp, Jr., respectfully pray that this Honorable Court grant OTC’s motion to dismiss. In the alternative, OTC prays that this Honorable Court withhold consideration of Plaintiffs’ petition until all non-Plaintiff school districts are made parties to this action and for such other and further relief in the

premises as to which they may be entitled in which, to this Honorable Court, may seem just, equitable, and permissible.

**AFFIDAVIT OF JENNELLE ENEVOLDSEN**

State of Oklahoma                    )  
  ) ss  
County of Oklahoma                )

Jennelle Enevoldsen, of legal age, being first duly sworn, states and deposes:

1. I am the Director of the Management Services Division (“Division”) for the Oklahoma Tax Commission. I made this affidavit based upon my personal knowledge and information garnered from the records of the Oklahoma Tax Commission, as maintained in the ordinary course of the performance of its duties. The Management Services Division is charged with apportionment of all monies collected by the Oklahoma Tax Commission, including taxes and fees collected or received pursuant to the Oklahoma Vehicle License and Registration Act (“Motor Vehicle collection”), 47 O.S. §§ 1-101 *et seq.*

2. Prior to July 1, 2015, the statute which directs the apportionment of Motor Vehicle collections to school districts, among others, prohibited school districts from receiving less money than school districts received in the same month as the previous fiscal year. This is commonly referred to as “hold harmless”.

3. HB 2244, effective July 1, 2015, deleted the hold harmless provision.

4. Subsequent to July 1, 2015, if the amount of Motor Vehicle Collections to be apportioned was equal to or greater than the amount apportioned in the corresponding month of the previous fiscal year, monies were apportioned to individual school districts as follows:

- a. The same amount that was allocated to each school district in the corresponding month of the previous year under the provisions of §1104(B)(2)(a), and
- b. If any amounts remain, allocate the remaining to each school district based on the proportion that district’s average daily attendance bears to the total average daily attendance of all districts under the provisions of §1104(B)(2)(b).

5. Subsequent to July 1, 2015, if the amount of Motor Vehicle Collections to be apportioned was less than the amount apportioned in the corresponding month of the previous fiscal year, monies were apportioned to individual school districts as follows:

- a. No amounts under provisions of §1104(B)(2)(a) as insufficient monies exist for each school district to receive the same amount of funds as such district received in the corresponding month of the preceding year, and
- b. All amounts will be allocated to the school districts based on the proportion that district's average daily attendance bears to the total average daily attendance of all districts under the provisions of §1104(B)(2)(b).

6. For the months of September 2015 and December 2015, and March 2016, Division apportioned Motor Vehicle collections to school districts pursuant to paragraph 4 above. For all other months subsequent to July 1, 2015, Division has apportioned Motor Vehicle collections to school districts pursuant to paragraph 5 above.

7. I have reviewed the apportionment history for each of the Plaintiffs for the period beginning July 1, 2015 through June 30, 2016. For the months of September 2015, December 2015, and March 2016, Plaintiffs received more money than Plaintiffs received in the corresponding months of the previous year. For all of the other months, Plaintiffs received less money than Plaintiffs received in the corresponding months of the previous year.

8. I have also reviewed the apportionment history to school districts other than Plaintiffs. During the same months Plaintiffs received less money, some of the remaining school districts also received less but some received more money than received in the corresponding months of the previous years. A schedule of the variance between fiscal year 2016 to fiscal year 2015 of Motor Vehicle collections apportioned to all school districts is attached hereto and made a part hereof.

9. Plaintiffs' Petition seeks to have Motor Vehicle collections apportioned to Plaintiffs in a manner different to the apportionment procedures outlined above. If Plaintiffs are successful, Division would be required to use a method of apportionment for the only the eight Plaintiffs which is different from the method of apportionment established prior to July 1, 2015.

10. Based upon my experience and knowledge, I am of the opinion and belief that using the requested method of apportionment for Plaintiffs would result in an increase in the amount of Motor Vehicle collections apportioned to Plaintiffs and a corresponding decrease in Motor Vehicle collections apportioned to the remaining 418 school districts.

This completes my affidavit.
